Construction Documents and Services 2 Arthur Kornblut

Written by Arthur Kornblut, AIA, this course is a comprehensive review of the architect's services in administering the construction of building projects.

Among the subjects covered are:

- * Standard construction contracts.
- * Review and approval of materials and equipment.
- * Determining compliance with drawings and specifications.
- * Field samples and testing.
- * Changes in the work.
- * Progress payments.

Also included in the course are maintenance of project files, preparation of final inspection lists, processing documents for project close-out, and assessing the responsibility for construction failure.

Each lesson is supplemented with a review quiz, and the course is concluded by a major simulated examination. Complete explanations of all quiz and exam answers are included.
