## **Residential Framing: A Homebuilder's Construction Guide** William P. Spence

“Opens the subject to anyone...explores all the standard framing methods for floors, walls, ceilings, and roofs... demystifies some of the more obscure tasks, such as building gable dormers, multiple-pitched roofs, staircase construction, and structural foundations. There’s even a section devoted to post-and-beam construction. The book concludes with a discussion about door and window installation, exterior siding and interior finishing.”—*Popular Mechanics*.
