Why We Need Love and Relationship Anthony Ekanem

Man and woman were created to be physically attracted to each other, irrespective of their looks, stature, colour or other qualities that differentiate one person from another. What causes attraction between the opposite sex is in-built in man (man and woman) from creation. This is why couples fall in love with each other and later get married – just as it was intended by God, the Creator.

However, “many couples fall in love, marry, and assume that the job is completed. They believe that everything else will work out automatically.” This is far from the truth. A successful relationship does not come by chance. It has to be worked for in love by the couples concerned.

“The cure for all the ills and wrongs, the cares, the sorrow and the crimes of humanity, all lies in one word – ‘love’. It is the divine vitality that everywhere produces and restores life. To each and every one of us, it gives the power of working miracles if we will.”
