An All-Consuming Century: Why Commercialism Won in Modern America Gary Cross

The unqualified victory of consumerism in America was not a foregone conclusion. The United States has traditionally been the home of the most aggressive and often thoughtful criticism of consumption, including Puritanism, Prohibition, the simplicity movement, the '60s hippies, and the consumer rights movement. But at the dawn of the twenty-first century, not only has American consumerism triumphed, there isn't even an "ism" left to challenge it. *An All-Consuming Century* is a rich history of how market goods came to dominate American life over that remarkable hundred years between 1900 and 2000 and why for the first time in history there are no practical limits to consumerism.

By 1930 a distinct consumer society had emerged in the United States in which the taste, speed, control, and comfort of goods offered new meanings of freedom, thus laying the groundwork for a full-scale ideology of consumer's democracy after World War II. From the introduction of Henry Ford's Model T ("so low in price that no man making a good salary will be unable to own one") and the innovations in selling that arrived with the department store (window displays, self service, the installment plan) to the development of new arenas for spending (amusement parks, penny arcades, baseball parks, and dance halls), Americans embraced the new culture of commercialism -- with reservations. However, Gary Cross shows that even the Depression, the counterculture of the 1960s, and the inflation of the 1970s made Americans more materialistic, opening new channels of desire and offering opportunities for more innovative and aggressive marketing. The conservative upsurge of the 1980s and '90s indulged in its own brand of self-aggrandizement by promoting unrestricted markets. The consumerism of today, thriving and largely unchecked, no longer brings families and communities together; instead, it increasingly divides and isolates Americans.

Consumer culture has provided affluent societies with peaceful alternatives to tribalism and class war, Cross writes, and it has fueled extraordinary economic growth. The challenge for the future is to find ways to revive the still valid portion of the culture of constraint and control the overpowering success of the all-consuming twentieth century.

From reader reviews:

Maria Carlin:

Nowadays reading books are more than want or need but also become a life style. This reading addiction give you lot of advantages. The huge benefits you got of course the knowledge the rest of the information inside the book that improve your knowledge and information. The knowledge you get based on what kind of e-book you read, if you want have more knowledge just go with knowledge books but if you want truly feel happy read one having theme for entertaining for instance comic or novel. The actual An All-Consuming Century: Why Commercialism Won in Modern America is kind of reserve which is giving the reader capricious experience.

Joan Naylor:

Do you like reading a book? Confuse to looking for your selected book? Or your book had been rare? Why so many question for the book? But any people feel that they enjoy regarding reading. Some people likes examining, not only science book and also novel and An All-Consuming Century: Why Commercialism Won in Modern America or others sources were given knowledge for you. After you know how the great a book, you feel would like to read more and more. Science guide was created for teacher or perhaps students especially. Those publications are helping them to include their knowledge. In different case, beside science reserve, any other book likes An All-Consuming Century: Why Commercialism Won in Modern America to make your spare time much more colorful. Many types of book like here.

Whitney Ortez:

As a scholar exactly feel bored to reading. If their teacher questioned them to go to the library or make summary for some guide, they are complained. Just small students that has reading's heart or real their passion. They just do what the trainer want, like asked to the library. They go to at this time there but nothing reading seriously. Any students feel that reading through is not important, boring along with can't see colorful photos on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this An All-Consuming Century: Why Commercialism Won in Modern America can make you feel more interested to read.

Donna Willeford:

What is your hobby? Have you heard that will question when you got students? We believe that that question was given by teacher for their students. Many kinds of hobby, All people has different hobby. And also you know that little person such as reading or as reading become their hobby. You have to know that reading is very important in addition to book as to be the thing. Book is important thing to include you knowledge, except your own personal teacher or lecturer. You get good news or update regarding something by book. Many kinds of books that can you decide to try be your object. One of them is niagra An All-Consuming
