Human Anatomy: From the Renaissance to the Digital Age Benjamin A. Rifkin, Michael J. Ackerman
Lavishly illustrated anatomy books have long been prized by artists, physicians, and other educated readers. *Human Anatomy* is the first authoritative history of anatomical illustration to include the most recent scientific discoveries and digital imagery. The book includes concise biographies of the great anatomists of history, as well as superb reproductions of anatomical renderings by Leonardo da Vinci, Vesalius, and many others, showing how science and art worked harmoniously to disseminate an evolving understanding of the human mechanism and how it operates. Spanning five centuries, *Human Anatomy* is an invaluable addition to the libraries of artists, doctors, and general science readers everywhere.

From reader reviews:

Philip Logan:

Nowadays reading books are more than want or need but also become a life style. This reading habit give you lot of advantages. The benefits you got of course the knowledge your information inside the book in which improve your knowledge and information. The data you get based on what kind of guide you read, if you want drive more knowledge just go with education books but if you want experience happy read one with theme for entertaining including comic or novel. The particular Human Anatomy: From the Renaissance to the Digital Age is kind of reserve which is giving the reader unpredictable experience.

Deanna Nance:

Are you kind of busy person, only have 10 or perhaps 15 minute in your morning to upgrading your mind skill or thinking skill also analytical thinking? Then you are experiencing problem with the book compared to can satisfy your limited time to read it because this all time you only find reserve that need more time to be examine. Human Anatomy: From the Renaissance to the Digital Age can be your answer given it can be read by anyone who have those short free time problems.

Clifford Harvey:

You can spend your free time to read this book this book. This Human Anatomy: From the Renaissance to the Digital Age is simple bringing you can read it in the area, in the beach, train as well as soon. If you did not get much space to bring often the printed book, you can buy the e-book. It is make you easier to read it. You can save typically the book in your smart phone. So there are a lot of benefits that you will get when you buy this book.

Stanley Rivas:

As a university student exactly feel bored to be able to reading. If their teacher inquired them to go to the library as well as to make summary for some e-book, they are complained. Just tiny students that has reading's heart or real their leisure activity. They just do what the educator want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that reading through is not important, boring and can't see colorful pics on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Human Anatomy: From the Renaissance to the Digital Age can make you experience more interested to read.
