The Fever Diane Hoh

Trapped in the hospital with a raging fever, a teenager fears for her life

The Twelvetrees hospital is ancient and eerie, with no modern comforts. Stricken by a mysterious fever, Duffy has spent two nights trapped in her lonely hospital bed. When she wakes from her fog, her memories of the last two days are tattered. But what she does remember could prove more dangerous than the illness that brought her there.

No one will tell her anything about her sickness. The nurses are cold, and her doctor is a strange young man with an earring and big, goofy sneakers. Duffy doesn't trust any of them. Did she really hear that terrifying scraping sound last night, or was it just a fever-dream? As her memories return, Duffy worries that she may have witnessed a murder, and that the killer is coming to keep her quiet. It will take more than medicine for her to escape this hospital alive.
