Extending Microsoft Dynamics AX 2012 Cookbook Murray Fife

In Detail

Dynamics AX is built on a number of foundation products from Microsoft that are used to make it bigger, better, and stronger than the average business system. Taking advantage of these products will make your life easier. Use these tools to maximize the efficiency of your business management, taking advantage of a powerful and centralized tool set.

"Extending Dynamics AX 2012 Cookbook" will show you how to use tools that you already have to extend out Dynamics AX and discover potential new directions. You will be surprised at what you can do on a shoestring budget. The book will allow you to streamline your work processes, and use the system's powerful and centralised features to the advantage of your organization.

"Extending Dynamics AX Cookbook" will show you how to maximize the potential of Dynamics AX with common and popular tools to enhance your business management systems. We will begin by exploring how to extend Dynamics AX out with SharePoint. After this, the book will guide you through important elements in maximizing business management efficiency, focusing on key aspects like reports, dashboards, and workflows. The book will then finish by teaching you how to customize your management systems, achieving a comprehensive coverage of the most important extension processes relevant to you and your business with very little programming.

This is a book for those of you that want to make the most out of Dynamics AX by using what you already have, and without breaking the bank.

Approach

Follow valuable and practical recipes touring the fundamental features of Dynamics AX extension.

Who this book is for

This title is for business professionals, such as administrators and consultants, who want to take full advantage of the features of Dynamics AX. This book has a wide appeal and you do not need to be a SharePoint, database or programming expert. As long as you know a little about these elements, you will be able to take full advantage of the business efficiency created with Dynamics AX extensions.
