#### **Todd Porter:**

People live in this new day of lifestyle always try to and must have the free time or they will get lot of stress from both lifestyle and work. So , once we ask do people have spare time, we will say absolutely indeed. People is human not just a robot. Then we consult again, what kind of activity do you have when the spare time coming to you of course your answer will probably unlimited right. Then ever try this one, reading textbooks. It can be your alternative inside spending your spare time, often the book you have read will be Letts Pocket Guide to Rocks and Minerals (Letts pocket guides).

#### **Christopher Gonzalez:**

Playing with family within a park, coming to see the ocean world or hanging out with pals is thing that usually you might have done when you have spare time, in that case why you don't try thing that really opposite from that. A single activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you have been ride on and with addition associated with. Even you love Letts Pocket Guide to Rocks and Minerals (Letts pocket guides), you can enjoy both. It is fine combination right, you still want to miss it? What kind of hangout type is it? Oh come on its mind hangout fellas. What? Still don't obtain it, oh come on its named reading friends.

#### **Nancy Harris:**

As a college student exactly feel bored to help reading. If their teacher questioned them to go to the library as well as to make summary for some book, they are complained. Just small students that has reading's heart or real their leisure activity. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading very seriously. Any students feel that looking at is not important, boring and can't see colorful images on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this Letts Pocket Guide to Rocks and Minerals (Letts pocket guides) can make you experience more interested to read.
