Geek Wisdom N. K. Jemisin, Genevieve Valentine, Eric San Juan, Zaki Hasan
THE GEEKS HAVE INHERITED THE EARTH.

Computer nerds are our titans of industry; comic-book superheroes are our Hollywood idols; the Internet is our night on the town. Clearly, geeks know something about life in the 21st century that other folks don't—something we all can learn from. *Geek Wisdom* takes as gospel some 200 of the most powerful and oft-cited quotes from movies (“Where we’re going, we don’t need roads”), television (“Now we know—and knowing is half the battle”), literature (“All that is gold does not glitter”), games, science, the Internet, and more. Now these beloved pearls of modern-day culture have been painstakingly interpreted by a diverse team of hardcore nerds with their imaginations turned up to 11. Yes, this collection of mini-essays is by, for, and about geeks—but it’s just so surprisingly profound, the rest of us would have to be dorks not to read it. So say we all.

From the Hardcover edition.

From reader reviews:

Timothy Parker:

Book is definitely written, printed, or highlighted for everything. You can realize everything you want by a publication. Book has a different type. As you may know that book is important thing to bring us around the world. Next to that you can your reading expertise was fluently. A e-book Geek Wisdom will make you to be smarter. You can feel much more confidence if you can know about every little thing. But some of you think in which open or reading a book make you bored. It is not necessarily make you fun. Why they can be thought like that? Have you looking for best book or suitable book with you?

George Bash:

Many people spending their time frame by playing outside using friends, fun activity along with family or just watching TV all day long. You can have new activity to invest your whole day by reading a book. Ugh, ya think reading a book can definitely hard because you have to use the book everywhere? It all right you can have the e-book, taking everywhere you want in your Touch screen phone. Like Geek Wisdom which is getting the e-book version. So , try out this book? Let's see.

Paul Queen:

In this particular era which is the greater individual or who has ability to do something more are more valuable than other. Do you want to become certainly one of it? It is just simple way to have that. What you are related is just spending your time not very much but quite enough to experience a look at some books. One of the books in the top collection in your reading list will be Geek Wisdom. This book and that is qualified as The Hungry Hills can get you closer in turning into precious person. By looking upward and review this reserve you can get many advantages.

Gerard Armstrong:

What is your hobby? Have you heard which question when you got students? We believe that that query was given by teacher with their students. Many kinds of hobby, All people has different hobby. And you know that little person including reading or as studying become their hobby. You must know that reading is very important along with book as to be the factor. Book is important thing to increase you knowledge, except your own personal teacher or lecturer. You get good news or update concerning something by book. Amount types of books that can you decide to try be your object. One of them is Geek Wisdom.
