A Climbing Guide to Colorado's Fourteeners: Twentieth Anniversary Edition

Borneman Walter R, Lampert Lyndon J

A Climbing Guide to Colorado's Fourteeners: Twentieth Anniversary Edition Borneman Walter R, Lampert Lyndon J

Now celebrating its twentieth year in print, this classic guidebook has helped thousands of ambitious hikers and climbers to summit as many of Colorado's fifty-four 14,000+ foot peaks as possible. For others, the guide has enhanced favorite weekend outings, where numbers of climbs matter less than the exhilaration of simply "reaching the top"!

In this twentieth anniversary edition, the foremost guide to the Fourteeners continues its longstanding emphasis on minimum impact routes and hiker responsibility. Walt Borneman is a founding director of the Colorado Fourteeners Initiative, a non-profit volunteer organization that builds and maintains trails and teaches awareness about preserving these fragile alpine environments. Reflecting the group's goals, this anniversary edition offers climbers updated information about the established, minimum impact routes on each peak.

Unlike other Fourteener guides grounded in technical mountaineering, this work continues to look at the place of each mountain in Colorado's history while focusing on the safest accessible routes. Time-tested route and elevation profiles, detailed maps, and captivating photos round out the volume. Twenty years after its first printing, A Climbing Guide to Colorado's Fourteeners remains the authoritative guide to Colorado's majestic peaks.
