Sigmund Freud

The Psychopathology of Everyday Life (Penguin Classics) Sigmund Freud

The most trivial slips of the tongue or pen, Freud believed, can reveal our secret ambitions, worries, and fantasies. *The Psychopathology of Everyday Life* ranks among his most enjoyable works. Starting with the story of how he once forgot the name of an Italian painter—and how a young acquaintance mangled a quotation from Virgil through fears that his girlfriend might be pregnant—it brings together a treasure trove of muddled memories, inadvertent actions, and verbal tangles. Amusing, moving, and deeply revealing of the repressed, hypocritical Viennese society of his day, Freud's dazzling interpretations provide the perfect introduction to psychoanalytic thinking in action.

For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

From the Trade Paperback edition.
