Margaret MacMillan

Extraordinary Canadians Stephen Leacock Margaret MacMillan

Stephen Leacock's satiric masterpiece *Sunshine Sketches of a Little Town* captures "the Empire forever" mentality that marked Anglo-Canadian life in the early decades of the twentieth century. Historian Margaret Macmillan—whose books *Women of the Raj* and *Paris 1919* cast fresh light on the colonial legacy—has great affection for Leacock's gentle wit and sharp-eyed insight. The renowned historian examines Leacock's life as a poor but ambitious student who rose to become an economist, celebrated academic, and, most importantly, the beloved humorist who taught Canadians to laugh at themselves.
