For people who love gardens, propagation--the practice of growing whatever you want, whenever you want--is gardening itself. In this paperback reissue of the successful book *Making More Plants*, Druse, one of America's foremost gardening authorities, presents innovative, practical techniques for expanding any plant collection, along with more than 500 photographs. Based on years of personal research, this is a practical manual as well as a beautiful garden book, presenting procedures Ken Druse has tested and adapted, as well as photographed step by step.
