## **Transplant International: Official Journal of the European Society for Organ Transplantation: Supplement One to Volume Nine (1996) F. Muhlbacher**

This supplement to *TRANSPLANT International* contains a most recent update of clinical and experimental research in transplantation and experiences with all modern immunosuppressive drugs, presented at the 7th Congress of the European Society of Organ Transplantation in Vienna in October 1995. The book has relevant information on clinical transplantation of kidneys, livers, hearts and pancreases as well as basic research data of immunobiology and organ preservation. More than 80% of the contributions were generated by respected European research institutions and therefore the book provides a comprehensive overview of European activities in transplantation research.
