Archipel (French Edition) Louÿ, Pierre s

Les dernières fouilles exécutées en Orient par les savants occidentaux ont amené des découvertes d'un intérêt tout à fait neuf, inattendu, et singulier. Jusqu'ici, les patients coups de pioche donnés dans les terres antiques avaient eu pour objet et pour résultat de confirmer nos connaissances livresques sur les personnages dont l'histoire nous parle, ou sur leurs contemporains. On avait exhumé le palais des Césars, celui des Xerxès, celui des prêtres d'Ammon et, si les travaux accomplis avaient été féconds en trouvailles, du moins ils ne transportaient pas les esprits en dehors ni au delà de l'histoire authentique. Ils creusaient dans le réel et cherchaient dans le connu. Maintenant, on entre dans la fable. Sur tous les points à la fois, en Troade, en Crète, en Égypte, en Argolide, à Rome même, les êtres et les pierres légendaires apparaissent à ceux qui niaient leur existence et reviennent à la lumière dans leurs tombeaux véritables, dans leurs murs encore debout. Pendant vingt-cinq ans, l'Iliade fut seule à nous livrer ses personnages et ses décors: on retrouva le palais de Priam et celui d'Agamemnon. Mais depuis quelques années les civilisations fabuleuses sortent du sol toutes ensemble comme si l'heure de la résurrection venait de sonner sur leurs mystères. La première dynastie de l'Égypte était regardée comme apocryphe et comme n'ayant jamais vécu que dans l'imagination des prêtres: on a déterré aujourd'hui presque tous ses rois dans leurs cercueils individuels marqués de leurs noms exacts. Bien plus: on retrouve des rois antérieurs, dont les Égyptiens eux-mêmes avaient perdu la mémoire. Nous sommes mieux renseignés sur leurs origines qu'ils ne le furent jamais, et nous savons aujourd'hui que, loin de placer des souverains fictifs au début de leurs annales, comme on les en accusait, ils méconnaissaient, au contraire, l'extrême antiquité de leurs monarchies.
