“Apologetics is that branch of practical theology concerned with the defense of the Christian faith. Yet, I discovered that, for years, I had been doing apologetics wrong. It turned out that what I was defending was not really the Christian faith, but simply a form of theism. In this book, I introduce the concept of Presuppositional Apologetics, and examine it from Scripture. I have kept technical terms to a minimum, so that this should be just about the easiest to read book that you have ever found on the biblical way to defend your faith.” Paul Taylor, author.
