The Comic Galaxy of Mystery Science Theater 3000: Twelve Classic Episodes and the Movies They Lampoon Chris Morgan

One of the most original shows in the history of television, Mystery Science Theater 3000 is a beloved cult hit built on the back of another cult phenomenon: the bad movie. The show's premise involved a man and some robots watching cheesy movies and cracking jokes. Over its 197 episodes, MST3K developed a passionate fan base that took it from a local UHF show in Hopkins, Minnesota, to a major motion picture. This is the story of MST3K from the beginning to the end. Twelve of the episodes, along with some shorts and the movie, are covered, giving an in-depth look at the show, its ethos and its comedic style. The films screened in these episodes are discussed critically, as are the episodes themselves.
