My School Improvement Doodle Book: Making schools better three notes at a time Ben Keeling

If a picture is worth a thousand words, imagine the power of three pictures at a time. Which is exactly what former graphic designer turned teacher and leadership team member Ben Keeling has done. As thought provoking as it is simple, this book combines an expert knowledge of schools and learning, an enviable talent for graphic design and a keen sense of irony. First spotted by Independent Thinking founder Ian Gilbert following a Twitter exchange that stretched between Chile, the UK and Indonesia, this ground-breaking book uses three simple 'doodles' per page, each on a separate sticky note, to highlight key issues. Simple yet contagious, this book re-writes the rules when it comes to the literature of school improvement and should be on the desk of every school leader and teacher.
