Hypnotic Memory: How To Memorize Everything And Remember It Using Top Secret Memory Palace Techniques; Namely, So You Can Be Smarter And Live Better. Bryan Westra

Ever wonder why some people are smart and others not? The perception of intelligence is what truly matters sometimes. Some people will benefit from the impression they make on others, when others perceive them as intelligent, whilst others will be intelligent, yet others will not perceive them as so, and they will suffer. The real question should be: 'How do I make myself seem intelligent as a gifted genius?' The answer is: 'By learning how to instantly memorize anything and be able to recall it at will anytime you must!' People are able to do exactly this. In this book you'll learn how to incite in others an impression that you are a genius with a highly evolved IQ. Really this will be all smoke and mirrors, but you will have an edge over most people; namely, you'll be able to instantly learn anything, even dry facts, and be able to recall them anytime you are required. The best part about this hypnotic memorization process is that it is not boring, but in fact fun. A game you might say. It is a game. All you must do is read this book, learn the rules to the game, and you're just as genius as the next person claiming to be a genius. You'll be able to remember whatever you must, and whatever you want for that matter, and be able to come across as the most intelligent person. You'll be able to: -Memorize sales presentations, plus rebuttals to objections. -Foreign languages in days, not months or years. -Musical instruments in less than a week. -Anything else you want. Don't hesitate. Grab your copy today!
