Hawaiian Archipelago, The

Isabella L. Bird

Hawaiian Archipelago, The Isabella L. Bird

Within the last century the Hawaiian islands have been the topic of various works of merit, and some explanation of the reasons which have led me to enter upon the same subject are necessary.

I was travelling for health, when circumstances induced me to land on the group, and the benefit which I derived from the climate tempted me to remain for nearly seven months. During that time the necessity of leading a life of open air and exercise as a means of recovery, led me to travel on horseback to and fro through the islands, exploring the interior, ascending the highest mountains, visiting the active volcanoes, and remote regions which are known to few even of the residents, living among the natives, and otherwise seeing Hawaiian life in all its phases.
