Subjectivity (The New Critical Idiom) Donald E. Hall

Explores the history of theories of selfhood, from the Classical era to the present, and demonstrates how those theories can be applied in literary and cultural criticism. Donald E. Hall:

- * examines all of the major methodologies and theoretical emphases of the twentieth and twenty-first centuries, including psychoanalytic criticism, materialism, feminism and queer theory
- * applies the theories discussed in detailed readings of literary and cultural texts, from novels and poetry to film and the visual arts
- * offers a unique perspective on our current obsession with perfecting our selves
- * looks to the future of selfhood given the new identity possibilities arising out of developing technologies.

Examining some of the most exciting issues confronting cultural critics and readers today, *Subjectivity* is the essential introduction to a fraught but crucial critical term and a challenge to the way we define our selves.
