Human cloning.

Technology evolves faster than we do.

The law shields us from our worst temptations.

But the opportunity is there, dangling just out of reach--perfection and ascension... or delusion and destruction.

In this collection of clone-themed stories, ten of today's top speculative fiction writers explore our morality, our built-in societal restraints, and reflect upon our state of grace.

Similar is not necessarily the same.

"CLONES: The Anthology" features stories from Amazon bestselling authors Rysa Walker (the Chronos series), R.D. Brady (the Belial series), Susan Kaye Quinn (the Singularity saga), Best American Science Fiction notable Samuel Peralta (Faith), and USA Today Bestselling and Multi-Award Winner P.K. Tyler, plus five more of today's top authors in speculative and science fiction.

From reader reviews:

Joyce Cassady:

What do you concentrate on book? It is just for students as they are still students or this for all people in the world, what best subject for that? Just simply you can be answered for that question above. Every person has various personality and hobby for each and every other. Don't to be obligated someone or something that they don't would like do that. You must know how great as well as important the book CLONES: The Anthology. All type of book can you see on many solutions. You can look for the internet resources or other social media.

Debbie Allen:

Do you have something that you want such as book? The e-book lovers usually prefer to choose book like comic, limited story and the biggest an example may be novel. Now, why not hoping CLONES: The Anthology that give your fun preference will be satisfied by reading this book. Reading practice all over the world can be said as the way for people to know world a great deal better then how they react toward the world. It can't be stated constantly that reading routine only for the geeky individual but for all of you who wants to possibly be success person. So , for all of you who want to start examining as your good habit, you can pick CLONES: The Anthology become your current starter.

Trina Durham:

Is it you who having spare time after that spend it whole day through watching television programs or just lying down on the bed? Do you need something new? This CLONES: The Anthology can be the respond to, oh how comes? A book you know. You are therefore out of date, spending your extra time by reading in this fresh era is common not a geek activity. So what these guides have than the others?

Robert Journey:

As we know that book is important thing to add our information for everything. By a book we can know everything you want. A book is a set of written, printed, illustrated or even blank sheet. Every year has been exactly added. This guide CLONES: The Anthology was filled about science. Spend your spare time to add your knowledge about your scientific research competence. Some people has several feel when they reading a book. If you know how big advantage of a book, you can really feel enjoy to read a publication. In the modern era like now, many ways to get book which you wanted.
