The Marauders Jr. Charlton Ogburn

From inside the book:

A bastard regiment of impromptu volunteers -- under-equipped, underfed, undermanned -- conceived in haste and orphaned by red-tape and circumstance. They were a hard luck outfit from the start.

The world remembers them as Merrill's Marauders. But their official title was the 5307th Composite Unit. In one of their worst moments, in the Burmese jungles, with Japanese shells slamming into their position, an exasperated voice suddenly roared out of the darkness: "Where the hell are the other five thousand, three hundred and six composite units?"

Yet this unready ill-prepared and ill-assorted little band, in the face of appalling odds, managed to provide World War II with one of its most gallant and unforgettable demonstrations of endurance and courage.

"The men who were in the field say of this book, 'This is the way it was,' and no better accolade exists."
