As a pupil, I exactly feel bored to reading. If their teacher asked them to go to the library as well as to make a summary for some e-book, they are complained. Just tiny students that have reading's heart and soul or real their passion. They just do what the instructor wants, like asked to go to the library. They go to generally there but nothing reading really. Any students feel that reading is not important, boring and also can't see colorful images on there. Yeah, it is being complicated. A book is very important for you personally. As we know that on this time, many ways to get whatever we would like. Likewise, words say, many ways to reach Chinese's country. Therefore this *The Voices of Women Artists* can make you feel more interested to read.
