## **El Principito (Spanish Edition)** Antoine de Saint Exupery

El Principito es uno de los libros mas publicados del siglo XX, con traducciones a mas de treinta idiomas y con una variedad impresionante de ediciones. De el ha atraído que, semejando un sencillo libro para niños, realmente es una obra profunda que invita a la reflexión. Lo que el autor busca expresar en el encuentro de un aviador accidentado en medio de un desierto con un pequeño niño decepcionado por el amor es su afán por traspasar la vida cotidiana y encontrar, en lo profundo, el sentido real de la existencia humana. El Principito también es un libro para niños porque, de acuerdo con las propias palabras del autor, "todas las personas mayores han sido niños".
